## Curriculum Vitae

**Researcher/Coordinator**

COVID-19 Research Group  
Research

08/2020 - Present  
Dallas, TX

Organized monthly meetings and large-volume data collection, recruited fellow residents and medical students, and developed and submitted abstracts for presentation in national conferences and manuscripts for well recognized journals.

Most Meaningful - Seeing this project from beginning to end allowed me to understand the process of developing a project, analyzing results, and publishing findings. This experience was meaningful to me because it gave me invaluable insight into making future research projects successful.

**Captain**

Intramural Ultimate Frisbee  
Other extracurricular activity, club, hobby

10/2012 - 03/2020  
Austin, TX

Organized team practices, coordinated strategy, and led the team through eight championship-winning seasons after starting as the worst team in the division.

Most Meaningful - This experience has taught me about leadership. I learned how to uplift my teammates during our shortcomings and celebrate both victories and losses. Most importantly, this experience taught me that life is not solely defined by wins or losses, but rather by the overall growth of each individual.

**Volunteer**

Feed My People Breakfast for the Homeless  
Volunteer/service/advocacy

08/2012 - 01/2020  
Austin, TX

Organized drink administration to over 200 homeless people every Tuesday and Thursday morning. Coordinated and recruited peers to come to the breakfast throughout the years.

Most Meaningful - This experience, more than any other I can recall, strengthened my resolve to become a physician. I learned firsthand about the stark differences in life for those less fortunate, and it has inspired me to dedicate myself to addressing social and financial disparities in healthcare.

**Principal Investigator**

Methodist Dallas Medical Center  
Research

06/2021 - Present (07/2023)  
Dallas, TX

Developed a project to look at hormonal imbalances as it relates to hypotension in cirrhotic patients seen at the Liver Institute at Methodist Dallas Medical Center. Submitted an IRB that was approved. Designed methodology and started collecting clinical data from patients.

**President**

Internal Medicine Interest Group  
Professional organization

08/2018 - 06/2019  
Austin, TX

Organized monthly meetings, invited guest speakers, and helped with residency applications.

**Publications****Peer Reviewed Journal Articles/Abstracts**
