Informatics Experience:

University of Texas at Dallas (2018-Current)

Executive Faculty in the Naveen Jindal School of Management. Responsible for the Healthcare Information Management and Technology module for physician and executive MBA and Master's in Healthcare Leadership and Management. The 30-hour (and now online) program uses a mixture of lectures, cases and student participation to develop the critical skills/thinking needed to manage and make more effective use of healthcare information systems.

Indiana University Health, Indianapolis, IN (2015-2016)

Senior Vice President and Chief Health Information Officer. Responsible for developing the organizational structure, governance processes and leadership of health informatics in this \$5 billion organization. This included informatics of clinical care, research, education, and data/analytics, population healthcare and personal health records/portals. Managed a department of 60 clinical informaticists with a budget of \$6 million, with the SVP/CIO as a peer. Retired in July 2016 for unanticipated personal reasons.

Baylor University, Waco, TX (2013-2015)

Adjunct Professor. Taught 12 hour "Aligning IT Healthcare Enterprises" annually in the Healthcare track of the Executive MBA program. The course provided physicians and other clinicians with an overview of key IT and informatics issues in healthcare.

Baylor Scott and White Health (BSWH), Dallas, TX (2008-2015)

Vice President and Chief Medical Information Officer, North Texas Division. Responsible for North Texas (Baylor) clinical informatics with added responsibility as Chair, IT Architecture Committee and member of multiple IT governance committees.

Vice President and Chief Medical Information Officer; Medical Director of Clinical Informatics. Responsible for leading clinical informatics in the design, development and implementation of multiple health information technology tools for Baylor's 13 hospitals. Managed a budget of approximately \$4 million that supported multiple part-time physician informaticists and other staff. Led virtual informatics organization that included nursing, pharmacy, radiology, clinical decision support, ambulatory, transplant and other functions.

Selected accomplishments included implementation of Computerized Physician Order Management, Physician Documentation, Nursing Documentation and Pharmacy modules. Guided the development of upgrade-compatible custom viewers for clinicians that enhanced adoption and satisfaction. Supported an e-learning approach that significantly reduced physician education time without sacrificing implementation success. Played a key role in gaining support for a strategy that led to eventual creation of a data warehouse.

Developed and implemented the clinical HIT governance structure. Accomplishments included the development of system wide processes for the following:

- Change requests and clinical project prioritization
- Physician and nursing documentation
- Medication management
- Clinical Decision Support including order set development and management
- Health Information Exchange
- Patient Portal
- Downtime and downtime recovery

Served as a member of the BHCS Senior Leadership Team and numerous system-wide committees including the Information Services Governance Committee.

Children's Medical Center Dallas, TX (2004-2008)

Chief Medical Information Officer. Provided medical leadership for the strategy, design, implementation and ongoing operations of the Cerner EHR and other clinical information systems. Chaired Physician Advisory Committee and co-chaired EHR Steering Committee. Worked with clinicians and IT staff to implement Nursing Documentation, a Web portal, Surgery Documentation, bar coding, plus associated recovery plans for downtimes. Developed Clinical Change Control process and significantly improved project prioritization process. Introduced concept of “monthly releases” to improve effectiveness of communication and training. Played a leading role in the decision to switch to Epic and worked on the transition before moving to Baylor.

Clinical Experience:

University of Texas Southwestern Medical Center (2006-Current)

Assistant Professor. Part-time attending neonatal hospitalist physician at Parkland and Clements/University Hospitals with teaching and supervision responsibilities for residents and nurse practitioners in the newborn nursery at Parkland. Provided the data analysis for and continual monitoring of a major process change that significantly improved the management of newborns at risk for hypoglycemia.

Baylor College of Medicine (BCM), Houston, TX (1998-2004)

Assistant Professor. Attending physician at Texas Children's (TCH), Methodist, St. Luke's and Ben Taub (BTGH) Hospitals Level I/II Nurseries (2000-2004), Neonatal Graduate Clinic (2002-2004) and BTGH Pediatric Emergency Room/Clinics (1998-2003). Taught residents and medical students at BTGH and TCH. Managed Neonatology clinical database covering ~75,000 neonatal admissions in four hospitals since 1986. Served on President's Strategic Planning Task Force (2003). Voted BTGH 1st Runner-Up “Physician of the Year” (2003).

Medical Director, BTGH Breastfeeding Outpatient Follow-up Clinic. Established nursing protocols to standardize care in Newborn Follow-up Clinic.

Grants included \$220,000 from the Henriksen Foundation for distribution of 12,500 American Academy of Pediatrics child care books to new mothers at BTGH, \$89,000

(Children's Health Fund) for BTGH Breastfeeding Outpatient Follow-up Clinic and \$25,000 for creation of a "rooming-in" facility at BTGH.

Committee Membership: TCH Utilization Review Committee Co-Chair (2002) and Chair (2003-2004); TCH Performance Improvement Committee (2002-2004); BTGH BOOKS Program Board of Directors (2001-2004); BTGH Physician Clinical Information System Advisory Committee (2002-2004).

Business Experience:

Baylor College of Medicine (BCM), Houston, TX (1998-2000)

Vice Chair of Finance, Department of Pediatrics (1998-2000). Responsible for the financial operations of this \$80 million department. Clinical billings increased 25% and emergency room billing backlog was reduced from over 90 days to 7 days through billing improvements. Oversaw development of first electronic charge capture system in department.

Cordis Corporation, Inc., Miami, FL (1984-90)

General Manager, Theratek, Inc. (1986-90). Started rotational atherectomy joint venture between Cordis and inventor. Hired/developed team of 50 engineering, manufacturing, quality assurance, financial and administrative employees. Completed mechanical/electrical engineering and manufacturing tasks to get catheters and high-speed drive systems to market quickly and in FDA compliance. Established strategic direction, which led to development of new products and European market leadership. Arranged sale of firm to another medical equipment company when rotational atherectomy no longer fit Cordis' strategic direction.

Management Development Program (1984-86). Managed 22-person pacemaker component machine shop. Increased on-time delivery from 60% to 99% and decreased overtime from 30% to 13%. Conducted physician surveys and market research on electrophysiology products and implantable defibrillators. Developed the organization's first quality improvement program.

CIGNA, Inc., Philadelphia, PA (1983-84)

Director, Agency Financial Planning. Conducted financial reviews and negotiated over 35 loans to insurance agents. Developed financial training and simplified loan programs. Left to rejoin former manager from Pantry Pride and Touche Ross who had moved to Cordis.

Pantry Pride, Inc., Ft. Lauderdale, FL (1979-83)

Director of Planning (1981-1983). Created financial and strategic plans for this \$1 billion supermarket company, including bankruptcy restructuring, \$15 million credit line and recapitalization. Left to return to Philadelphia after managing successful recapitalization.

Touche Ross & Company, Philadelphia, PA (1979)

Associate Consultant. Conducted feasibility studies for lifecare facilities. Assisted in Pantry Pride bankruptcy consulting. Left to join Touche Ross manager at Pantry Pride.

Booz, Allen & Hamilton, Inc., New York, NY (1977-79)

Consultant. Conducted audits of Brazilian and European operations, and consulted for acquisitions by Citibank and Dun & Bradstreet. Investigated travel agency fraud for Air Transport Association. Left to join wife who took a senior management job in Philadelphia.

Selected Awards:

Becker's Hospital Review "100 Hospital and Health System CIOs to Know" (2013 and 2014)
Becker's Hospital Review "500+ People to Know in Healthcare" (July 2014)
Becker's Hospital Review "34 CMIOs to Know" (September 2016)
Becker's Hospital Review "25 CMIOs to Know" (October 2014)

Certifications/Licenses:

Diplomate, Clinical Informatics, American Board of Preventive Medicine (2014 - current).
Diplomate, Pediatrics, American Board of Pediatrics (1998 - current).
M.D.; Texas State Board of Medical Examiners (1997 - current).
C.P.A.; American Institute of Certified Public Accountants (1977 - current).

Education:

Medical Informatics NLM Fellow, Marine Biological Laboratory, Woods Hole, MA. (2005)
Sponsored by the National Library of Medicine. Certificate (Fall 2005).

Pediatric Residency, Baylor College of Medicine, Houston, TX (1995-98)

Achievements: Chief Resident, Neonatology (1998).

Activities: Residency Curriculum and Pharmacy/Therapeutics Committees, Texas Children's Hospital (1996-98); Asthma Pediatric Practice Guideline Revision Committee (1996-97); National Youth Leadership Forum (1996-98); Camp Wenoweeze Counselor (1996-97); Developed Baylor Telemedicine Inventory and VIP Patient Proposals (1997).

MD, Emory University, Atlanta, GA (1991-95)

Achievements: 4.0 GPA, Summa Cum Laude; Upjohn Research Award (1995); Evangeline Papageorge Award (1995); Alpha Omega Alpha (1994-95); McGraw-Hill Award (1992); International Society for Cardiovascular Surgery Research Fellowship, (1992).

MBA, Columbia University, New York, NY (1975-77)

Achievements: 3.85 GPA; Accounting Concentration; Beta Gamma Sigma Honor Society (1977); James L. Dohr and Professional Accounting Prizes (1977).

BS, St. Joseph's College, Philadelphia, PA (1970-74)

Achievements: 3.75 GPA, Magna cum Laude, Biopsychology major.

Medical Professional Associations:

American Academy of Pediatrics (1998-current): Physicians Advisory Committee, Child Health Informatics Center (2016-current); Council on Clinical Information Technology Executive Committee (1999-current), serving as Vice Chair (2006-2008), Chair (2008-2010) and Past Chair (2010-2017). Major accomplishments included development and endorsement of ASTM Continuity of Care Record (CCR), creation of a CMIO-like position at the AAP, and development of multiple policies, including lead author on Personal Health Record policy. Also serve as a member of the Section on Administration and Practice Management.

Texas Medical Association (TMA) (1998-current): Chair, Council on Practice Management (2014-2015). Committee on Health Information Technology (2006-current; Chair 2006-2014)). Major accomplishments included leadership in the development of the HIT

Committee, creation of the governance structure linking Texas Regional Extension Centers and the development of multiple tools and policies regarding EHR implementation.

Dallas County Medical Society (2005-current): Council of Socioeconomics (2009-2015, Chair 2009-2010); Delegate to the TMA House of Delegates (2008-2015).

Texas Pediatric Society (TPS) (2000-current): Board of Directors (2004-2013); Co-Chair, Committee on Communications and Technology (2002-2006); Committees on Practice, Legislation, Children with Disabilities and Hospital Practice (2000-2015); TPS appointee on Texas State Medicaid Medical Advisory Committee (2002-2003); ImmTrac Advisory Committee Member (2005-2009). Received Texas Chapter AAP Special Achievement Award (2004).

Other Current Memberships and Activities:

American Medical Informatics Association (AMIA) (2009-current): Member

Association Medical Directors of Information Systems (AMDIS) (2005-current): Member

American Medical Association (AMA): Member

American Institute of Certified Public Accountants (AICPA) (1978-current): Member

Follow up and Treatment Workgroup of the HRSA Advisory Committee on Heritable Disorders in Newborns and Children, Rockville, MD (1/17-current): Member; Co-developed a proposal for incorporating formal longitudinal follow-up into the newborn screening process that is being actively considered by the Advisory Committee. Participated in the development of the 2018 report “*The Role of Quality Measures to Promote Long-Term Follow-up of Children Identified by Newborn Screening Programs*”

Texas Newborn Screening Advisory Committee, Austin, TX (6/17-current) Member; Chair of the Subcommittee on Rider 37/Newborn Screen Funding. Co-developed a proposal for revamping the funding structure of newborn screening in Texas that is being actively considered in the legislative process

Alliance for Quality Improvement and Patient Safety (AQIPS), Alexandria, VA (2015-current): Board member of this national association of Patient Safety Organizations

Prior Memberships and Activities:

Texas Medicaid Health Information Exchange Advisory Committee, Austin, TX (2009-2015): Board Chair; Monitored in the implementation of Meaningful Use and other health information technology issues in Texas

Certification Commission for Health Information Technology – Process Advisory Workgroup (2004-2007). Member of the workgroup that developed initial EMR certification processes

Medical Records Institute (2004-2011): Program coordinator of Pediatric EHR Awards Program and Documentation Challenge

American Society of Testing and Materials Healthcare Informatics Committee, (2000-2009):
Developed standards for personal health records and the Continuity of Care Record (the first standard for clinical health information technology interoperability)

Southern Governor's Association Gulf Coast Task Force on Emergency Health Records, (2006); Member of this short-lived task force formed in response to Hurricane Katrina
